Dear Company Member:

On behalf of the organizing committee of the Caribbean Celebration of Women in Computing 2014 (CCWiC 2014), I extend you our warmest greetings. The purpose of this communication is to ask for your support so that we may continue to organize CCWiC 2014 that will be held on February 26-27, 2014 in Puerto Rico. Information about this event can be found at http://ece.uprm.edu/ccwic/.

The Caribbean Celebration of Women in Computing fills the need to increase the participation of females in Engineering and Computing. This event will gather a large group of women from all the Caribbean working on or studying different technology related disciplines. Also, the Organizing Committee has members representing private industries, organizations, and universities around the country.

The success of these conferences requires the support from many groups of volunteers, as well as financial support. Without them, fees would become prohibitive for many potential participants, and would certainly discourage student participation.

To help alleviate this problem, corporate sponsorship packages are available with an option of becoming an exhibitor. The sponsorship packages available are:

Level	Web page	Conference program	Logo or name in prominent place at event	Panel speaker	Swag in bags	Name in press release *	Free company booking	Booth table	Job Fair
