

|  | Point   |        |          |
|--|---------|--------|----------|
|  | Value   | %      |          |
| Category   | [05]    | Weight | Comments |
| Title Page   | #DIV/0! | 1%     |          |
| Contains University, department, title, names, date and logo         |         |        |          |
| Executive summary  | #DIV/0! | 10%    |          |
| Gives a brief and effective high-level description of system         |         |        |          |
| Summarizes deliverables and products as related to objectives and    |         |        |          |
| specs  |         |        |          |
| Summarizes budget analysis with final expenditure                    |         |        |          |
| Presents actual or potential customers/market                        |         |        |          |
| Introduction   | #DIV/0! | 5%     |          |
| Reviews problem description and project objectives                   |         |        |          |
| Presents and analizes relevant and current literature related to all |         |        |          |
| aspects of the project   |         |        |          |
| Presents the organization of the rest of the report                  |         |        |          |

| Design Criteria and Specifications  | #DIV/0! | 15% |  |
|---|---------|-----|--|
| Describes all the system specifications   |         |     |  |
| Describes the Design Criteria   |         |     |  |
| Describes the design/implementation/testing tools and how they were used  |         |     |  |
| Analyzes the constraints and limitations of the system  |         |     |  |
| Analyzes the constraints and limitations during the design and<br>implementation of the system and how they affected system specs |         |     |  |
| Analyzes the minimum/recommended requirements of HW and SW for the system to run properly   |         |     |  |
| Methods and approach to the solution  | #DIV/0! | 15% |  |
| Presents an account of the activities in the project  |         |     |  |
| Describes how the specs of the system were tested and validated   |         |     |  |
| Presents a summary of testing experiments, and results, including separate module testing and integration                         |         |     |  |
| Describes task divisions and task were balanced among members   |         |     |  |
| Presents the organization of the team and any adjustments needed during the project   |         |     |  |
| Describes and justifies changes in schedule   |         |     |  |
| Describes contingency measures for changes in schedule  |         |     |  |
| Market Overview   | #DIV/0! | 5%  |  |
| Presents system users both current and potential  |         |     |  |

| Identifies competitors and how the system compares with competition         |         |     |  |
|---|---------|-----|--|
| Results and Discussion  | #DIV/0! | 10% |  |
| Presents the technical results of the project                               |         |     |  |
| Analyzes testing results, problems and how they were solved                 |         |     |  |
| Presents and analyzes the ethical aspects of the project                    |         |     |  |
| Presents and analyzes the legal aspects of the project                      |         |     |  |
| Presents and analyzes the environmental impact of the project               |         |     |  |
| Presents and analyzes the social aspects of the project                     |         |     |  |
| Budget Analysis   | #DIV/0! | 10% |  |
| Describes and analizes actual expenditure                                   |         |     |  |
| Compares and justifies actual expenditure vs. Budget                        |         |     |  |
| Conclusions and Future Work   | #DIV/0! | 7%  |  |
| Presents conclusions of project as related to methods and approach          |         |     |  |
| Presents conclusions of project as related to technical, economic,          |         |     |  |
| market, ethical, legal, environmental and social aspects                    |         |     |  |
| Future work   | #DIV/0! | 5%  |  |
| Describes future work as related to system developed                        |         |     |  |
| Describes future work as related to system improvement and potential market |         |     |  |
| Bibliographic References  | #DIV/0! | 2%  |  |
| Uses biblographic references in the report body                             |         |     |  |
| Lists the bibliographic references in a section of the report               |         |     |  |

| Presentation  | #DIV/0! | 5%  |  |
|---|---------|-----|--|
| Score of presentation evaluation sheet                              |         |     |  |
| Appendices  | #DIV/0! | 5%  |  |
| Includes a list of symbols and glosary as needed                    |         |     |  |
| Included sufficient appendices for detailed technical information   |         |     |  |
| and documentation   |         |     |  |
| Includes detailed testing sheets for each module of the system      |         |     |  |
| Includes detailed integration testing sheets                        |         |     |  |
| Provides access to repository and code is fully documented          |         |     |  |
| Included appendices for additional information not suitable for the |         |     |  |
| body of the report, for example user manuals, installation          |         |     |  |
| instructions, readme files, etc.                                    |         |     |  |
| Subtotal  | #DIV/0! | 95% |  |

| Category   |         | %<br>Weight | Comments |  |
|--|---------|-------------|----------|--|
| Overall Document form and style  | #DIV/0! | Ŭ           |          |  |
| Final report has a professional style and presentation                                       |         |             |          |  |
| Document is well organized and includes a table of contents, list of figures, list of tables |         |             |          |  |
| Documents uses correct grammar and composition   |         |             |          |  |
| Uses adequate language and vocabulary variety  |         |             |          |  |

| Uses argumentation or bibliographic references to support |         |      |   |  |
|---|---------|------|---|--|
| statements  |         |      |   |  |
| Document is clear and concise                             |         |      |   |  |
