

MICROPROCESSOR INTERFACING

Final Project Presentations Fall 2009

COM-211

MICROPROCESSOR
INTERFACING

Date: Dec. 11, 2009

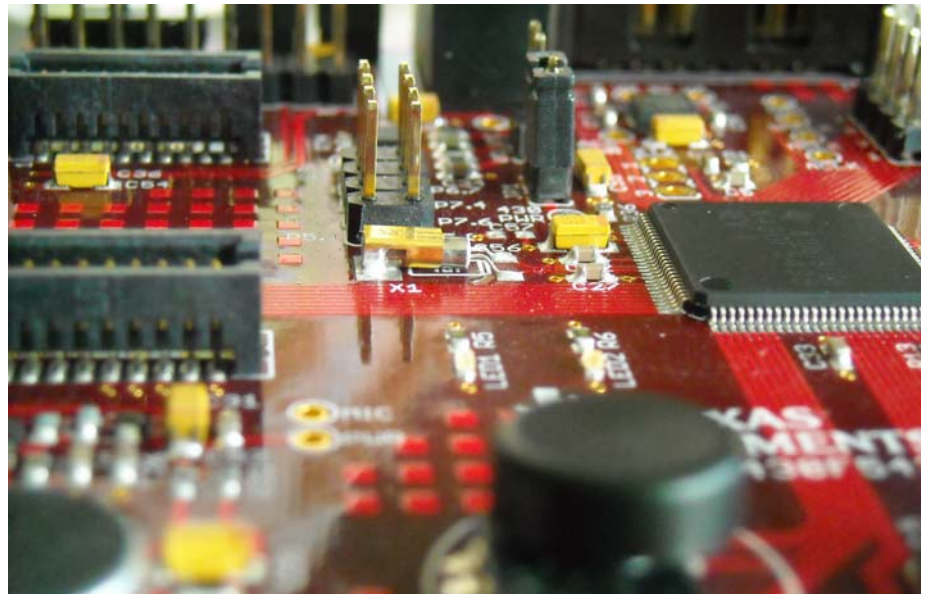

Time: 10:20AM

Place: S-204

Project Demos:

Micro 2 Lab. (S-115)

11:30AM

Join us for this semester's Micro 2 project presentations . Four exciting applications were developed by the students showing-up their design skills:

- **Safe Home Security System:** A web-enabled home monitoring and alarm system
- **CELL:** A MIDI-enabled musical instrument and processor
- **NIBACS:** A versatile access control system for research laboratories
- **EZFeed:** An automated pet feeder
