

ICOM 4215 Spring 2013

Homework 1

The International Consumer Electronics Show (CES) 2013 began on January 8 and ended on January 11, 2013. It is held every year at Las Vegas, Nevada. The latest technologies are presented at CES every year.

Select three devices, tools, or things from the CES conference that caught your attention. Describe what it does, its architecture and features. Work in groups of three.

- Points: 10
- Groups: 3 students
- Today's date: January 18, 2013
- Due date: January 25, 2013
- Turn in via email before 8:30am, naydag.santiago@upr.edu
- Presentation of one of the members of the group in class
