ICOM 4036 Assignment 5

PLEASE CAREFULLY READ THIS SPECIFICATION.

The objective of this assignment is to ensure that you have thoroughly learned most of Chapters 5 and 6. For this assignment, you are required to provide answers to the following 15 questions chosen from the Sebesta’s textbook (6th edition).

- From Chapter 5’s Problem Set (Pages 226-230):
  Questions 2, 5, 8, 9, 10, 11, 12, 13, and 14

- From Chapter 6’s Problem Set (Pages 287 & 288):
  Questions 1, 2, 7, 8, 9, and 14

Note 1: you can extract answers of some questions from the slides; however, for some other questions, you may need to explore the textbook or other resources, e.g. Internet.

Note 2: It is extremely important that you write the answers IN YOUR OWN WORDS. Answers that are very similar to those of another student or other resources are not accepted.

Note 3 (Marking scheme). This assignment has 100 marks and for every question that you do not provide the answer or the provided answer is incorrect you will lose 10 marks. This means—for instance—if you provide correct answers for 5 of the questions and leave the remaining 10 questions blank (or incorrect answers), you will get nothing!

Note 4: Make a copy of your answers for your own reference, as assignments will not be returned to you.

Note 5: For this assignment, handwriting is preferred (rather than typing).

This assignment has 2 stages with the following specifications and deadlines:

Stage 1: send me an email specifying whether or not you participate in this assignment. In particular, those who wish to participate in this assignment send me an email like this:

   Email Subject: ICOM4036, A5, Yes
   Email Body: empty

And those who will not participate in this assignment send me an email like this:

   Email Subject: ICOM4036, A5, No
   Email Body: empty

Stage 1 is due on Thursday, February 25, at 10:00 PM.
Stage 2: Hand in your answers in the morning of Wednesday March 3 at 10:30 AM to Ms. Yanira Ramirez in Room S-224.

Deadline: Wednesday, March 3, at 10:30 in the morning in room S-224 (Yanira Ramirez).

I encourage all of you to participate in this assignment as at least 65% of Partial Exam 2 would be (in)directly from this assignment.

**** Note the deadlines (dates and times) are firm. Please plan ahead. ****
